

REMARKS

Claim Amendments

Applicant respectfully requests entry of this Amendment. This Amendment is filed to further clarify the claim identifiers in Applicants' previous Amendments filed under 37 C.F.R. § 1.312. Claims 1-117 have been canceled. Claims 118-162 are new. Applicants have simply rewritten certain dependent claims in independent form. No new matter is added. Below is a chart identifying the new claims in comparison to the claims of records as of Applicants' 7 November 2007 Response.

In general, Applicants have written previous dependent claims 23, 24, 28, 29, and 30 as independent composition claims (new claims 118, 126, 134, 142, and 150) as well as independent method for the treatment claims (new claims 158, 159, 160, 161, and 162). Certain other claim dependencies were also corrected.

In addition, claims 125, 133, 141, and 149 now correctly recite an "∞" rather than a "4".

The following table identifies the new claim numbers and the corresponding claims as of Applicants' 7 Nov. 2007 response. No new matter has been added.
